

AMERICAN TROOPS ORDERED TO CHINA

Ninth Infantry, Commanded by Col. Liscum, to Go—No Communication with Peking—Wild Rumors of Events.

New York, June 18.—American troops have been ordered from the Philippines to China, says a Washington special to the Herald. Whether the men will be sent or not will depend upon the situation when they arrive. The administration has decided that to insure protection of American life and property throughout China, order must be re-established in Peking and the empress dowager and the Tzuang-Yamen informed with the necessity of acting as the powers wish in the matter of guarding foreigners and their interests.

Japan's course in despatching 1,000 men to Taku will be followed, said a well informed diplomat last night, by Russia, which might deem it desirable to send a large force, especially since Great Britain and Japan combined will have an overwhelming force in that region of China, unless she draws on her forces at Port Arthur and along the Siberian frontier.

AN ACT OF WAR.

If the foreign legations in Peking have been burned, as reported, the success of the Boxers has probably been at least assured. Reports to the state department show that on June 1 there were in Peking about 400 sailors and marines, Great Britain, Russia and France had the largest number, 75 each, the United States, 41; Japan, 42; Italy, 22, and Germany, 10.

The diplomatic circles it is held that if the murder of Germany's official representative has been permitted, practically as the result of a movement approved by the government, China committed an act of war against the Berlin government. This is also true of the Japanese government, a member of whose staff in Peking was killed. It is held, however, that neither Germany nor Japan will take radical action, but will co-operate with the powers to restore order.

NINTH REGIMENT TO GO.

Manila, June 18, 10 a. m.—The Ninth regiment has been ordered to Manila, since it will proceed to China.

Washington, June 17.—Adj. Gen. John A. B. Smith, who had been ordered to Manila, has been ordered to go to China, but it is known that the troops are being assembled in Manila for this purpose and temporary headquarters ready for occupancy, though it cannot be known that orders to sail for China have been given. If not already sent, such orders doubtless will be issued, thus reassuring news comes tomorrow.

The government is awaiting information from Minister Conger and Admiral Knap before giving final orders to Admiral Remy and Gen. MacArthur, to send reinforcements to China. If something does not come from the east of trouble soon, troops will be dispatched to China as quickly as possible. Steps having been taken already to withdraw troops from outside Manila into the Philippines metropolis, it may be that no delay will be made in sending troops to China.

PEKING CUT OFF.

London, June 18, 3 a. m.—There is a cabinet in Europe apparently that knows what has been transpiring in Peking for five days or in Tien Tsin for three days. Nor is there any that knows what difficulties the small and inadequately-equipped international column is contending between those cities.

The German foreign office, upon learning the report of the murder of Baron von Ketteler, the German minister at Peking, sent a telegraphic inquiry to St. Petersburg, the Russian government, because of the Russian minister being stationed in a better position than the other governments to obtain direct news.

In reply the German foreign office informed that nothing whatever was known of the situation. Communication with Peking was interrupted.

WILD RUMORS.

The report spread world-wide from Shanghai that the legations had been attacked and that the German minister had been murdered has been traced to Tzu Sheng, who for a few days, as the empress dowager's aide, has been censoring the telegrams from Shanghai. The Shanghai correspondent of the Daily Express says:

Sheng, as head of the telegraphic administration, pretended that the line connecting Shanghai with Peking had been down since June 9th and that the wires to Tien Tsin were cut on June 12th. Nevertheless it is notorious that constant communications have been passing from Shanghai to Peking over the telephone. Nor is there any that Sheng has refused both ministers and consuls the privilege of using the line.

It is known that last Friday Sheng received a message from either Peking or Tien Tsin. The dispatch said that Gen. Tung Fu Siang's troops aided the Boxers in an organized attack on some of the legation buildings, and that in the course of the attack some of the legation buildings were reduced to ruins, and one foreign minister killed to pieces. Why in the cables it should have been added that the murdered minister was Baron von Ketteler is not explained.

According to another telegram from Shanghai, dated June 17th at 7:25 p. m., Sheng has fled, fearing that the foreign authorities were about to arrest him because of his stoppage of telegrams. A third cablegram asserts that the reports of the murder of the German minister emanated from London, are unconfirmed and are discredited at Shanghai.

GERMAN MINISTER CAPTURED.

The German minister has been captured, it is the announcement to the Morning Post from Peking in a dispatch dated June 13th, 5 p. m., via Tien Tsin. The dispatch said that the German minister had been captured by the Boxers on June 12th. A crowd of Boxers occupies Legation street, cutting off communication between the legations. A few Boxers are parading in the city. Their superstition in regard to foreigners is pitiable. The Boxers hold the officials of Tzu Chau for ransom. Anarchy reigns at that place. The Americans

In the interior of the two neighboring provinces have been advised to leave, but several have no means of doing so. Unless a large force is sent there is danger of a massacre of native Christians. A large native army is ready to oppose the relief column on the way here. The Chinese government cannot decide whether to adopt the policy of rigidly suppressing the Boxers or that of defying the world. The decision rests with dowager empress.

Women and children from Tien Tsin are pouring into Shanghai. The chief danger here is the fact that the native town behind the European settlement is full of bad characters, whose attitude is becoming every day more insolent and menacing.

The latest news to hand is that 7,000 Russians, with twelve machine guns and twelve field guns, are marching from Tien Tsin to Peking. Last week the foreign ministers warned the Tzuang-Yamen that in the event of an attack upon legations or of injury to any of the ministers or members of the staffs of the legations, the powers in common would declare war upon China. To this ultimatum the Tzuang-Yamen, as usual, returned no direct reply. The answer of the empress dowager is no doubt the attack upon legations by the Boxers and the troops under Gen. Tung Fu Siang.

It has transpired that a few days ago the viceroys of the southern provinces received orders from Peking to co-operate with Gen. Tung in the defense of Peking against a threatened invasion by the "foreign devils." They were instructed to send to Peking, without an instant's delay, the troops they had available within their respective jurisdictions, "the time having now come to rid our empire forever of the evil elements which have so long threatened it."

FIGHTING IN PROGRESS.

The Shanghai correspondent of the Daily Telegraph, in a dispatch dated June 16th, says: "News from Peking dated June 12th, says the Boxers were killing hundreds of native Christians and the servants of foreigners." The same correspondent in a dispatch dated yesterday says: "Chinese reports state that Admiral Seymour is fighting with the Chinese regulars and the foreign forces have seized the Taku forts."

The following summary of the situation was telegraphed to the Daily News from Shanghai last evening: "The situation is critical and without parallel since the Indian mutiny. At the Yang Tze ports there has been no outbreak, but places have been posted in Kiu Kiang, Ugas Skin and Wu Hu, calling on the people to 'kill and burn.' A body of rioters 5,000 strong are at Kweilien, in the prefecture of Canton, and troops have gone to suppress them. The powers, unprepared, are helpless to prevent disaster, but barring thrilling local friction, they are working amicably."

ANTI-FOREIGN OUTBREAK.

The Peking correspondent of the Times, in a dispatch dated June 24th, via Tien Tsin, June 16th, says: "A serious anti-foreign outbreak took place last night, when the finest buildings in the eastern part of the city were burned and hundreds of native Christians and servants employed by foreigners were massacred within two miles of the imperial palace."

It was an anxious night for all foreigners who were collected under the protection of the foreign guards. The Boxers burned the Roman Catholic east cathedral, the large buildings of the London mission and the American board of missions, and also the buildings in the eastern part of the city occupied by the foreign employees of the maritime customs. If the troops to reinforce the foreign guards fail to arrive today, further riots are expected. It is believed that no European has been injured. "Telegraphic communication with the north," says the Shanghai correspondent of the Times, under Sunday's date, "ceased early this morning. The last message from Tien Tsin reported that fighting had begun, but gave no details. Messages for the north are now forwarded by steamer from Che Foo. The Boxer movement is gaining strength after the immunity with which the recent outrages have been committed, and it is likely to spread rapidly. Telegrams received here yesterday by the consuls from the fleet at Taku describe the position of the forces under Admiral Seymour close to Peking as serious since they are confronted by Gen. Tung Fu Siang's troops, with large numbers of Boxers in a body, whose contributions on other fronts are scarce and the commissariat defective."

CONDITIONS IN CHINA.

New York, June 18.—Rev. C. Prin of the Catholic mission at Kiang-Nan, where there is now danger from the Boxers, has written an account of how the members of his community meet all attacks of the natives. He says: "Those sections of our mission which border on southern Chang Tung are no less infested with bands of robbers and murderers than Chang Tung itself. These brigands organize in regular companies under a supreme chief and subordinate leaders. They live together in villages and districts which become their headquarters. At ordinary times they are waiting for their usual work at home and in the fields and behave, at all appearances, like peaceful citizens. But suddenly an order comes to take the field, and then they march forth in a body, impose contributions on other villages, burn and even kill without scruple. If they have a grudge against

somebody, they will kill him without scruple. If they have a grudge against

some mandarin they assemble in sufficient numbers to form a large army and are not afraid to fight pitched battles with the troops sent out against them. It is not hard to see how much trouble such men can give and, indeed, do give, to the missionaries.

But the missionaries, on their sides, have devised a plan for protecting themselves and their Christians, which is not the least of their successes. It is the plan of the missionaries of some village have been converted, the fathers, while attending to the duties of their apostolic ministry, see they are thoroughly drilled and taught to use the rifle and defend themselves in case of necessity. The mandarin look with favor on these measures, which are of great assistance to them, and they are always ready to send reinforcements when notified of a threatened attack. Thus it happens that when the marauders fall upon a Christian village, they are greeted with a sharp fire of guns and cannon and are generally beaten back with heavy losses.

Murdered His Wife and Shot Others.

Chicago, June 18.—A special to the Tribune from Peking, Ind., says: Perry Barnard last night shot and killed Jennie Davis, his former wife, who had recently secured a divorce, and dangerously wounded her mother and three year old daughter. The tragedy occurred as they were returning from church. Three shots were fired and each took effect. Barnard's former wife was preparing to leave town, and Barnard, who was attached to the child, had heard of it and was determined they should not go. He met them face to face and at once began firing. Barnard escaped.

A Fight to the Death.

St. Louis, June 16.—President Mahon of the International Association of Printing Pressmen's union opened here today. According to President James H. Bowman, of Chicago, who is here, the business to be transacted by the convention will be of interest to employers as well as to members of the union. "This is now a fight to the finish. President Gompers told me this afternoon that he proposes to turn the entire power of the American federation of labor with its membership of two millions against the Transit company and fight the issue out if it takes five years to do it. The boycott will be declared to do it. The Transit company, but to every person, every business man, every corporation or individual favoring them in any way."

International Printers.

Milwaukee, Wis., June 18.—The annual convention of the International Printing Pressmen's union opened here today. According to President James H. Bowman, of Chicago, who is here, the business to be transacted by the convention will be of interest to employers as well as to members of the union.

New Honolulu Bank.

San Francisco, June 18.—Col. G. W. MacFarlane, of Honolulu, and his associates in the First American Bank of Honolulu have been granted a charter for the First National Bank of Hawaii. Mr. MacFarlane will sail for Honolulu this week to arrange for the taking over of the assets and business of the First American bank by the First National Bank. The new bank has been selected as the medium for paying off the postal deposits of \$750,000 due the depositors of the Postal Savings bank of Honolulu, an obligation that the American government assumed at the time of annexation, together with the \$4,000,000 of Hawaiian government bonds. These bonds will be paid later, but the Seigniors, together with the Anglo-California bank, will finance the payment of the postal deposits on the basis of the new bank. Mr. MacFarlane says that he will take with him \$750,000 in United States gold coin and government exchange with which to pay off all the claims of depositors.

Arizona Indians Suffering.

Phoenix, Ariz., June 18.—S. M. McConna, superintendent of the Phoenix Indian Industrial school, having been directed to investigate the condition of the Pima Indians on their reservation on the Gila river, thirty miles from here, who were reported to be suffering from famine, states that 8,000 Pimas and an equal number of Papagos are in great distress. Congress has appropriated \$25,000 for the relief of the Indians and rations will soon be distributed.

BUBONIC PLAGUE IN MEXICO.

Report that it is at the Pacific Port of Guaymas.

St. Louis, June 18.—A special to the Globe Democrat from Hermosillo, Mex., says: Many exciting rumors have been current here for several days past to the effect that the bubonic plague has made its appearance at Guaymas, this State. A rigid investigation has been made by the Sonora health authorities, under direction of the national board of health. It is found that thirty Chinamen who arrived at Guaymas a few days ago, after passing through San Francisco and the United States in bond, were taken sick upon arriving at Guaymas, and the symptoms of their illness indicated that they were victims of the plague.

The whole lot of Chinamen were immediately isolated, and are now under surveillance, awaiting developments. Some of them have died, but the number of deaths is not known here.

RELIGION BY THE SWORD.

Protestant Bishop Who Would Make Chinese Christians by Force.

Chicago, June 18.—A special to the Tribune from Denver, Colo., says: Bishop Earl Cranston, who recently returned from China, declared from the pulpit today that civilized nations must rule China. "It is worth any cost in money," he said, "it is worth any cost in bloodshed if we can make the millions of Chinese true and intelligent Christians."

"I would cut all of the red tape in the world and break all the treaties ever made to place the armies of the United States in the fore next to Great Britain."

"The open door must be maintained for Christianity as well as commerce."

ECZEMA=SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease. While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this. It purifies the blood, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Cardington, Ohio, says she was afflicted with scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefited, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely believes she would have been in her grave years ago but for S. S. S. and adds, "what has done for me it will do for others."
